Memorandum

TO: Air Quality Conformity Task Force

DATE: August 16, 2011

FR: Brenda Dix

W. I.

RE: PM_{2.5} Project Conformity Interagency Consultation

Three project sponsors seek interagency consultation from the Air Quality Conformity Task Force at this time, as follows:

No.	Project Sponsor	Project Title
1	San Francisco Department of Public Works (SFDPW)*	Bayview Transportation Improvements
2	Contra Costa Transportation Authority (CCTA)*	I-680 Auxiliary Lanes, Truck Traffic Characteristics
3	California Department of Transportation (Caltrans)	SR-82/Millwood Drive Intersection Signalization

***Projects were reviewed by the Task Force during a previous meeting, and sponsors have produced additional information as requested by the Task Force. Sponsors now seek a final POAQC determination by the Task Force.**

For the first two projects identified above, recall that the San Francisco Department of Public Works (SFDPW) presented the Bayview Transportation Improvements project to the Task Force on June 23, 2011; and Contra Costa Transportation Authority (CCTA) presented the I-680 Auxiliary Lanes, Truck Traffic Characteristics project for review by the Task Force on July 28, 2011. Both projects were preliminarily identified as not a Projects of Air Quality Concern (POAQC), however, the Task Force requested more detailed information from the sponsors before a final determination could be given. With the submittal of the requested information, the sponsors now seek a final POAQC determination from the Task Force.

The original Project Assessment Form for the Bayview Transportation Improvements project is located here: <http://apps.mtc.ca.gov/events/agendaView.akt?p=1682>.

The original Project Assessment Form for the I-680 Auxiliary Lanes project is located here: <http://apps.mtc.ca.gov/events/agendaView.akt?p=1702>.

Attachment A includes the above project assessment forms and the additional information requested by the Task Force for the SFDPW and the CCTA projects.

Additionally, MTC requests the review and concurrence from the Task Force on a set of projects that project sponsors have identified as exempt and likely not to be a POAQC.

Attachment B lists these exempt projects.
